Available in eight colors, Kemiko Stone Tone Stain is the perfect choice for both interior and exterior surfaces. Used for commercial and residential projects, concrete staining also lends a clean, attractive look to driveways, patios, walkways and entrances. It is perfect for high-traffic areas and is very affordable. Kemiko Stone Tone Wax or Sealer can be applied to further enhance depth of color and provide surface protection. We look forward to assisting you or your client in creating beautiful, durable, and affordable stained concrete projects.
